SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

SIR:

In accordance with the duty of disclosure, a completed Form PTO-1449 is enclosed. Consideration of the listed reference by the Examiner is respectfully requested. Applicants also respectfully request that an initialed copy of Form PTO-1449 indicating such consideration be returned with the next Official Action, as set forth in MPEP 609.

WO 98/23549 is a French-language reference that includes an English-language abstract. This PCT document is believed to be equivalent to U.S. Patent No. 6,299,981, a copy of which is also provided herewith. JP 3-122274 is a Japanese-language reference that includes an English-language abstract. An English-language abstract is provided for JP 3-187039, which is a Japanese-language reference. JP 3-193872 is a Japanese-language reference that includes an English-language abstract. JP 7-508491 is a Japanese-language reference that is believed to be equivalent to U.S. Patent No. 5,520,996, a copy of which is also provided herewith.

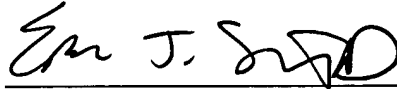

JP 7-149545 is a Japanese-language reference that is provided along with an English-language abstract. Also provided herewith is U.S. Patent No. 5,595,825, which is believed to be equivalent to JP 7-149545. JP 7-315889 is a Japanese-language reference that is provided along with an English-language abstract. JP 7-315874 is a Japanese-language reference that is provided along with an English-language abstract. An English-language abstract is provided along with JP 8-109043, which is a Japanese-language reference. JP 8-012378 is a Japanese-language reference that is provided along with an English-language abstract. JP 8-011631 is a Japanese-language reference that is provided along with an English-language abstract. Also provided herewith is U.S. Patent No. 5,594,585, which is believed to be equivalent to JP 8-011631. JP 9-202651 is a Japanese-language reference that is provided along with an English-language abstract. JP 10-036144 is a Japanese-language reference that is provided along with an English-language abstract. Also provided is U.S. Patent No. 5,854,708, which is believed to correspond to JP 10-036144. JP 10-048805 is a Japanese-language reference that is provided along with an English-language abstract. JP 11-095014 is a Japanese-language reference that is provided along with an English-language abstract.

By submitting these references, Applicants do not admit that the references are prior art to, or are material to, the patentability of this application and reserve the right to establish that any reference is not prior art. Applicants do not represent that the references have been reviewed in detail; there may be detail in the references of which Applicants are unaware.

The Commissioner is hereby authorized to charge any filing fees required to Deposit
Account No. 061910. A duplicate copy of this sheet is enclosed.

Respectfully submitted,

Dated: 21 May 2003
